

Mar

It's that time of year again where Chuck Facklam and Barb Noonan will be looking for volunteers for the car show. If you have an hour or two to assist them, please step forward. This is your club and the funds we make from the show help to subsidize the rest of our monthly events.

Barb Noonan has been reviewing the policies and procedures, and updating some areas that are a bit out of date. She is doing a great job at this. Karen Schwartz and Chuck Weimer are also doing a good job filling in our monthly events. Some plans are falling into place for the Rustbuster so we will keep you informed as the plans are finalized.

On that note, we still have a few summer months to fill in. There have been some discussions on some possible events, so if those pan out, we will let you know. Again, we will still entertain ideas for possible tours or other events, thus if you have any, let any board member know.

Another discussion at the board meeting, was what to do with two large trophies that were used back in the 1960's and 1970's. Since they have been around a long time, one of them is pretty beat as you can see in the photos. The much larger one is in a plexiglass case and better preserved. Right now, they are taking up space at our home and we need to find a new place for them. There has been some talk about taking the plaques off of them and getting rid of the trophies themselves.

As most of you know, we cancelled the February general meeting, this activated the emergency phone committee. It has been a loong time since we had to do this, but...the weather was too icy and the snow was starting to pile up that morning to venture out. We didn't want anyone to get into an accident or to fall on the ice. Fortunately, we did not have a speaker that we had to cancel. Barb Noonan owns the DVD of the movie so we can reschedule it sometime later. Perhaps we can show it in November.

At the time the movie was being shot in Buffalo, some of our members were involved in the movie with their antique cars. Lon had a '31 Model A Ford Victoria at the time and attended the "casting call" for cars. His was selected and does appear in the wide screen version. Several other LER members' cars appear in the movie. We also just found out that one of our members also drove their car around City Hall in the movie. Let's hope we get another chance to see it.

**DON'T FORGET – OUR MARCH MEETING IS THE START OF DAYLIGHT SAVINGS TIME, SO DON'T BE LATE!!**
