

PRESIDENT'S MESSAGE

Cliff's Notes: Hello Hello! Spring 2022 has sprung alright, but winter hasn't gone away yet. Warming weekdays and cold/wet weekends are not what we are looking for. Hopefully, this weather trend will do a flip soon in our favor. We start our outdoor driving season soon, so it's time to back the cars out of the garage and shine them up. Will there be any surprise reveals or events this summer? I hope so! Vroom Vroom!

We had a fun meeting at the Polish Falcons last month. Thanks go out to Dean Burgstahler for bringing in guest speaker Jerry Gallagher. Jerry is a member of the Adirondack 46ers Mountain climbing club. In order to join this club, you must climb all 46 Adirondack mountains that are over 4,000 feet tall. Some trails are easy, and some are more rugged. Jerry showed an info documentary video and then answered questions from the floor. Mountain climbing certainly puts a little more adventure into a hike in the woods. Jerry did say there were no Cliff's up in those mountains. I'm willing to change that if anyone wants to join me.

And the BIG WINNER IS (Trumpets please) : DON SCHLOERB (Lynelle's husband) WON THE JELLY BEAN CONTEST FUNd Raiser. With just one guess, he was the closest to the number 597. We had guesses starting in the 100's and up into the 3,000's. Don won the antique crystal candy jar, lots of jellybeans, Easter chocolate and a stack of lotto tickets. Thanks to all the club contestants and we raised \$ 135.00!

Cruise nites will be starting up soon. I hope to see everyone around and about this summer. Our June 12th, 2022, AACA Car Show is going to be HUGE! Tell all of your friends to come out and join the fun. How about a hot dog, fries, ice cream soda and rock & roll music? Sounds like some good fun to me! Vroom Vroom

Cliff
