*This is a tentative schedule. The dates & locations are subject to change, so check this list monthly for more information and possible changes.

All material and want ads must be submitted to the editor by the 20th of the previous month that material is to appear.

Permission is hereby granted to other club publications to reprint material from "The Sidelight" provided that credit is given. All phone numbers listed in the Sidelight are area code 716 unless otherwise stated.

ON THE COVER: This photo came from Don Beyer, from the Oneida Lake Region. He suspects it is about a 1918 Hudson. If you look closely, the rear side curtain appears to be open and there is a horse in the background. Let's hope the forecasters predict a mild winter!

Congratulations to Don & Joyce Butlak on celebrating their recent 60th Wedding Anniversary

Also, to Jeff & Linda Cryan on becoming Grandparents for the second time this year! And to Uncle Tim, too!

PRESIDENT'S MESSAGE

Cliff's Notes: Last month I said that fall had finally arrived with the trees turning colors late this year. Then our Indian Summer came along and bathed us in some very above average temperatures for three weeks. Just enough time to get the hot rods ready for winter hibernation. Now it's mid-November and there is no escaping the inevitable cold and snow. We will lose some members to Florida again this year and if that's you, send me a postcard message that I can read at the winter meetings. We will be missing you.

The DESSERTS-R-US NIGHT meeting was a HUGE success this year! About sixty members attended and enjoyed eighteen homemade dessert stations. Imagine yourself able to freely roam through the Dessert Deli and taste them all. "That was us". I couldn't begin to list all the different cakes, cookies, pies, puddings and homemade treats. We will

definitely repeat this event. Another highlight of the afternoon was Dennis Upton's portrayal of Joseph Ellicott's life and contributions to Western New York. He was responsible for surveying New Amsterdam NY which later became Buffalo. You will note that his name is very often seen on Buffalo buildings and streets. Google his name and read about his remarkable life and times. Thanks Dennis.

I'm looking for a NEW board member to record and type our monthly minutes. Please give me a call and I can briefly describe the position and importance.

I wish everyone a wonderful Thanksgiving with family and friends. Turkey, stuffing, mashed potatoes, gravy, salad, corn, hot rolls, apple pie etc. ENJOY...

Cliff

Florida Car Collections 2022 -- By Dennis Upton -- Continued from last month

We then ate lunch in a nice restaurant and had a chance to visit with other members of their car club.

From there we headed to see a very different set of cars. The Williamson collection was headquartered in two older looking stone buildings that had a lot of character as well as huge doors that bolted into the ground -- no breaking and entering here! There were only 13 vehicles but the focus on these cars was from the early 1900's. There was a beautifully restored 1905 Cadillac* and on a nearby platform was that same year Cadillac as a barn find with nothing done to it. There was a Peerless, a Paige*, a Velte*, a Revere*, a Buick*, etc. The brass was polished to a high sheen and all very interesting.

Three items really added to my learning curve. First was a car with a double steering wheel -- one several inches directly under the top one. In effect it was like power steering. One wheel allowed for a shorter turning radius, while the other was more generous in its turning. All you had to do was engage the second wheel to make this happen.

A second item of major interest was a "whistler." The car did not have any type of horn. Instead, the driver stepped on a floor device. This would in turn drop a diverting barrier into the exhaust system. The mechanic explained this said that this would send the exhaust through something similar to wind chimes. The result was a whistling sound which took the place of the horn.

The third item was on a Rambler. The brass sidelamp had the number "1521"* on the glass in the front of the lamp. This was a license number!

The following day, the group headed south. Al changed his classic to a 1978 Cadillac Fleetwood Brougham. (He has over 20 classics to choose from. Ron has one and he didn't choose that.) Ron once again drove modern. We went to Mt Dora to see the Warren Wubker collection. Once the driveway gates were opened for us to drive in (the owner could do this with a remote he carried in his pocket), we caught our first glimpse of this mansion on Lake Dora. The massive house was connected on the second-floor level to the matching structure that housed the cars. We walked up the

stone stairway to enter from the second floor. (If we needed an elevator to go up, we could have gone in the house to do so.) You then entered what looked like a soda fountain which was next to the Roxy Theatre. (Seriously) Now the theatre could only seat about 8 people but in incredibly luxurious leather reclining chairs under the overhead chandelier which was a thing of beauty.

When we looked down on the 18 cars in the collection, it looked like they were parked on the main street of a town complete with windows filled with articles of the time which was primarily the 50's. One end wall was taken up with a Mobil gas station. When we opened the door to the bar on the end of Main Street, "Elvis was in the house."

The collection here was primarily what would be described as trailer queens. An apt description when one was headed to Amelia Island and another had been judged the top 1956 Lincoln Continental Mark II in the country more than once. These cars were all in original showroom condition. He used two for his daily driver cars -- one was a 1956 Mercury Montclair (that was the only thing my car collection and his had in common). Another car was out getting some work done on it. He mentioned (without bragging, just stating a fact) that he bought it for \$225,000 not too long ago. (The price I paid for my Mercury was about that -- if you removed the first 2 from that number.) A pink 1959 Cadillac was an AACA Zenith Award nominee and winner of an Amelia Island Most Elegant Cadillac award. If you Google Warren Wubker Car Collection you might find the article about how he purchased this car.)

Mr. Wubker did the entire tour in his socks. (I guess he couldn't afford shoes after that last car purchase.) He was also incredibly knowledgeable of his cars and had a couple off site that were being worked on. Evidently the software he developed for the pharmaceutical industry did well for him -- not well enough for him to have shoes, however.

That particular tour inspired me to come home and sell a car...so I could afford a new pair of shoes.

When my brother and I were kids, our parents took us to the stock car races at Buffalo Raceway, and from that 1st day forward, I always loved those races. I loved the speed, the noise, the brightly colored race cars, and I still do. We used to root for Bobby Cameron as my parents knew his Mom. For many years we went to the demolition derbys as well. When I was in college,

the best fun was going to "Sunday at Niagara", the drag races on the Niagara Falls air grounds.

Ray and I recently visited the Antique Car Museum housed in an old Bottling Plant in Saratoga Springs, NY, and I was drawn to the race cars on the 2nd floor. Here are some of those cars to share with you. Hope you like them too.

DESSERTS R US

Who Me? I'm Joseph Ellicott. One of my many jobs was surveyor of New Amsterdam for the Holland Land Company. I helped determine boundaries using Gunter's chain which has 100 links equal to 66 feet. I have many things in the Buffalo area named after me.

The people enjoyed listening to my story. Joseph Ellicott played by Dennis Upton

Candace Reed enjoyed selling split club tickets using a new drum made by Dan O'Connor

If your dues expired in 2022, please send in your renewal form that was included in last month's issue, with your payment. If you would like to renew for two or more years, it would save the club printing costs and you a stamp! Don't forget to renew your National dues as well, as you must be a National member to belong to LER. In addition to the Antique Automobile magazine,

they cover the insurance in case something happens during one of our events. Please return your dues by January 1st as we are preparing an updated roster. Don't forget to make any necessary changes on the form. If your dues are not due this year, and you wish to make any changes in the new roster, contact me with the info.
